

Acer palmatum
'Samarzam'

**Japanese
Maple**

SAMURAI SWORD™

FAST + BIG

Japanese maples are a perpetually elegant choice for landscapes of all sizes and styles. What makes Samurai Sword™ Japanese maple stand out is its rapid growth rate and large size, making it an exceptional specimen or dramatic street tree. Deep purple-red leaves emerge quite finely dissected and develop into the strong palmate shape associated with the species before blazing red in autumn. Strong central leader and vigorous growth rate assures outstanding container presentation and speedy sales.

- USDA 5 AHS 8
- 25-30' TALL + 20' WIDE
- FULL SUN/PART SHADE
- SHAPE: OVAL TO PYRAMIDAL
- FRUIT: RED SAMARAS
- FOLIAGE: DARK BURGUNDY RED

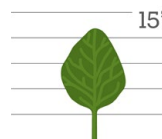

Amelanchier canadensis
'Sprizam'

Serviceberry

SPRING GLORY®

APPEALING HABIT

This North American native is simply unbeatable when it comes to four season beauty. Spring Glory® kicks off the growing season with delicate white flowers – because they emerge before the foliage, they have considerable impact. As summer comes on, the neat oval foliage hosts an abundant crop of sweet fruit, relished by humans and birds. Fall foliage is an outstanding orange-red, and winter allows its strong, single-trunk form to shine. Ideal as a street tree, specimen, or for natural/native plant gardens and restoration projects.

- USDA 4 AHS 9
- 12' TALL + 6-8' WIDE
- FULL SUN/PART SHADE
- SHAPE: NARROW, PYRAMIDAL
- FLOWER: WHITE
- FRUIT: DARK PURPLE
- FOLIAGE: GRAY GREEN

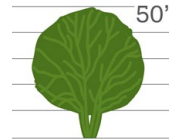

Betula x 'Avalzam'

Birch

AVALANCHE®

RUGGED

History shows that landscapers, designers, and homeowners can't resist the allure of a white bark birch. Avalanche® birch will no doubt provide that same draw, combining exceptional smooth white bark with a ruggedness and durability that withstands challenging conditions and resists bronze birch borer. Bark starts out tan, takes on pink tones and then turns that bright, stunning white. Neat emerald green leaves develop golden fall color. Imported from Japan by Ohio's renown Storrs & Harrison Company in the mid-late 1800s.

50'

- USDA 4 AHS 7
- 50' TALL + 30-40' WIDE
- FULL SUN/PART SHADE
- SHAPE: BROAD OVAL
- FLOWER: CATKINS
- FOLIAGE: DARK GREEN

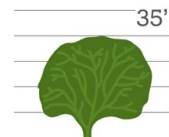

Cercis canadensis
'Luclavzam'

Redbud

LUSCIOUS LAVENDER™

SUPER SHOWY

All beauty, no distraction: this beautiful redbud has more of what everyone loves about this native tree and nothing they don't. Spring brings thousands of electric purple flowers held closely to the grey branches. The thick, glossy, heart-shaped leaves that follow are showier than most, since this nearly-fruitless selection develops few seedpods to distract from the display. Useful size and shape make it a versatile option for residential and commercial landscapes.

35'

- USDA 5 AHS 8
- 25-30' TALL + WIDE
- FULL SUN/PART SHADE
- SHAPE: BROAD OVAL
- FLOWER: LAVENDER
- FOLIAGE: GREEN

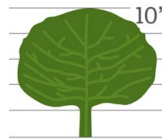

Cornus alternifolia
'Wstackman' pp#11287

**Pagoda
Dogwood**

GOLDEN SHADOWS®

CAVALCADE OF COLOR

Pagoda dogwood is noted for its distinctive strongly horizontal branching which makes a memorable statement in the landscape. Golden Shadows® dogwood makes that habit even more dramatic with its colorful yellow and green variegated foliage. It often emerges with shades of red and orange, accompanied in spring by a host of lacy white flowers. At its best when planted in light, filtered shade where it adds brightness, structure, and color.

- USDA 3 AHS 8
- 10-12' TALL + WIDE
- PART SHADE
- SHAPE: BROAD PYRAMID
- FLOWER: WHITE
- FOLIAGE: YELLOW AND GREEN

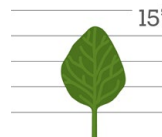

Cornus kousa chinensis
'Chrprizam'

**Kousa
Dogwood**

CHRISTIAN PRINCE™

VERSATILE HABIT

Finally, a compact kousa dogwood! This useful variety is as floriferous, long-blooming, durable, and beautiful as its conventional counterparts but just half the size. The large white flowers are long lasting and develop into showy red fruits. Fall brings vivid red foliage. Can be grown as a small tree on its own roots or used as a top graft for a unique presentation sure to appeal to homeowners looking for something very showy for small spaces.

- USDA 5 AHS 8
- 8' TALL + 6' WIDE
- FULL SUN/PART SHADE
- SHAPE: PYRAMIDAL
- FLOWER: WHITE
- FRUIT: RED
- FOLIAGE: DARK GREEN

Crataegus crus-galli var.
inermis 'Cruzam'

Hawthorn

CRUSADER®

THORNLESS

It's hard to believe that a tree that's so undeniably pretty in spring can also be so tough, but that's Crusader® hawthorn. Despite its abundant white floral display in late spring, attractive silver bark, colorful fall foliage, and showy fruit, this thornless native hawthorn tolerates just about any challenge you can give it. It shrugs off wet and dry soils, is not fussy about pH levels, is unbothered by clay or salt, and resists the many diseases that often plague the rose family, so it's the perfect choice for difficult urban areas, parking lots, street plantings, and more.

- USDA 3 AHS 7
- 15' TALL + 12-15' WIDE
- FULL SUN
- SHAPE: ROUNDED
- FLOWER: WHITE
- FRUIT: RED
- FOLIAGE: GREEN

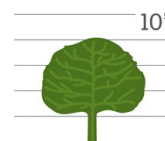

Malus 'Lollizam'

**Dwarf
Crabapple**

LOLLIPOP®

NEAT + TIDY

True to its name, this useful crabapple is a confection of fragrant white flowers in spring perched on top of a sturdy trunk. Tiny, shiny red fruits in fall attract birds and wildlife. Thanks to its truly dwarf genetics, it perpetually maintains the neat form that will make homeowners everywhere fall in love with it.

- USDA 4 AHS 8
- 8' TALL + WIDE
- FULL SUN
- SHAPE: ROUNDED
- FLOWER: WHITE
- FRUIT: RED
- FOLIAGE: GREEN

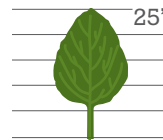

Malus 'Shotizam'

Crabapple

SHOW TIME™

SHOW-STOPPING COLOR

When spring comes, it's show time for all crabapples, but this one really grabs the spotlight. The large, densely-clustered fuchsia-red flowers turn the branches into columns of lush color. Deep green foliage has red tones of its own, especially as it emerges. In fall, red fruits glisten among the bright orange and red leaves. Oval, upright habit lends a touch of formality as a specimen or street tree. Recommended as a replacement for 'Prairifire' by Ohio State University.

- USDA 4 AHS 8
- 25' TALL + 15-20' WIDE
- FULL SUN
- SHAPE: PYDRAMIDAL
- FLOWER: FUCHSIA
- FRUIT: RED
- FOLIAGE: GREEN WITH RED

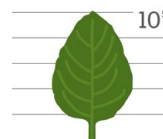

Malus 'Swesutyzam'

Compact Crabapple

Sweet SUGAR TYME®

LONG LASTING FRUIT

Enjoy the classic elegance of a fragrant, white flowered crabapple and persistent red fruit. Along with its handy semi-dwarf habit, that fruit makes Sweet Sugar Tyme® crabapple truly unique, as it lasts all through winter, maintaining its cherry red color and staying firm and round through cold, ice, and snow. Perfect for winter decorating, indoors and out.

- USDA 4 AHS 8
- 10' TALL + WIDE
- FULL SUN
- SHAPE: UPRIGHT OVAL
- FLOWER: WHITE
- FRUIT: RED
- FOLIAGE: GREEN

Prunus x 'Pishnshzam'

PINK SNOW SHOWERS™

SPRING BEAUTY

A weeping tree that's sure to bring joy to homeowners in spring. Its elegant, arching branches are a flurry of sweet pink flowers in early spring, standing out against the silvery branches. Serrated, dark green foliage has no issue with unsightly shot hole disease, staying neat and clean all season before developing into red and orange tones in fall.

This vigorous grower develops into a showpiece specimen quickly.

WEEPING EXTRAORDINAIRE™

LARGE FLOWERS

A bold display of the double powderpuff blooms that homeowners seek out every spring. The very large flowers emerge deep pink and open to a beautiful light cherry hue. When the blooms fall from the weeping branches, coppery foliage emerges, quickly turning an appealing emerald green before going red and burgundy in autumn.
